

MANUFACTURE	MODEL	DESCRIPTION	Picture	PRICE
Signalink USB	USB	Integrated sound card interface. Comes with cable for Kenwood TS2000 but other cables are available from Signalink		\$75.00
Weltz SWR Meter	SP-380	A great, high quality SWR and Power Meter for HF, VHF, and UHF. Power ranges are 20W or 200Watts max (switch selected). Measures FWD and REF power. Small enough to fit in any shack or even mobile (you would have to make a mounting bracket but case is drilled and tapped for machine screws). I found this in the shack as I was packing for my move. Worked a few years ago and has been sitting since. We can try it out if interested. Contact John, W9WY at 219-922-1065 High Quality unit that gets top reviews on the ham sites.		\$75.00
Wouxun	KG-UV6X Dual Band HT	This is HT deal of the decade!!! A lightly used 5watt dual band ANALOG HT for sale. Comes with speaker mic, programming cable and software (but I would get the newest version online). Oh and did I mention you get the original box FREE!! Scores a 4.4 out of 5 on the eHam review site. https://www.eham.net/reviews/detail/10060		\$25.00
Pace	5403A SWR/ POWER Meter	Picture of the display in the photo shows ragged edges but that is just the plastic film over the display. Unit is nice and clean, works great. I just don't need 5 HTs!!!! The PACE Model P5403A s a handy, compact device for the amateur radio station in checking transmitter operation. For SWR measurements, Model P5403A uses the bridge method of comparing the voltage supplied to and reflected from the antenna system. The operation can accurately and quickly measure the match between the antenna and the transmitter. For RF power measurement, the average voltage from a carrier detector is measured. Continuous monitoring by having the instrument in the circuit at all times. The indicator can also be used as a field strength meter by disconnecting it from the feed line and attaching the small pick-up antenna included. The first \$25.00 takes this item home.		\$25.00
Motorola	XPR7550 VHF Analog and DMR HT	This is an, excellent condition radio , Includes the 12.5 / 25 KHz option to allow use on DMR as well as Analog. The radio was only used in my office at my desk. FULL COLOR display and just outstanding performance. The radio comes with accessories as follows: Rapid Charger w/ wall supply—Belt clip—Accessory port cover—IMPRESS Battery—Antenna—Speaker Mic—Canvas Protective Case with belt clip Brand new these radios are nearly \$700.00! I am going to offer this unit for only \$350.00 or best reasonable offer.		\$375 or best reasonable offer

MOTOROLA	XPR 5550 40 watts mobile	Motorola XPR 5550 40 watt mobile Motrola XPR-5550 DMR Mobil Radio, 40 Watt. This radio 403-512 MHz. Some of the 5500s being offered for sale cover the HIGH UHF band and cannot be programmed for Ham Bands. Does DMR as well as FM analog. Condition is Lightly Used. Radio HAS the 25 KHz and 12.5 KHz bandsplit so it can be used on analog ham frequencies as well as DMR. INCLUDES the following: — optional IMPRESS Microphone (allows remote control, etc.) . — — Manual (on CD) — mobile Mounting Bracket		\$500 or best reasonable offer
Yaesu	SP 9000	External Speaker originally for the Yaesu FT9000 HF Transceiver but I have used mine with a Kenwood TS-2000, ICOM, HF, Yaesu FT1000 MKIII — could be used for any radio. Has A and B inputs so you could use two radios, or one radio with 2 VFOs and listen to both. Each input has audio filters for low and high cut to help kill interference and make for a more readable signal. Brand new these puppies go for over \$350 but I will part with this gem for only \$250.		\$250
GAP	Hear It Audio DSP unit	The HEAR IT INLINE MODULE will greatly improve the clarity and intelligibility of speech in a variety of radio communication applications. It is suitable for use with amateur radio equipment, scanning receivers, CB radio, two-way radio, headsets, marine communications, taxi base stations, hands-free car kits, processing of audio tapes and signals, pre-processing for voice control applications.		\$50
Palomar	M-827	The Palomar M827 SWR and power meter. shows PEP instantly and SWR on t5he built-in LED bar display while you talk! It operates from 1 to 30 MHz and features three power ranges: 20, 200 and 2000 watts. Input and output is SO-239. 4 x 4 x 5 inches 1.75 lb. The M-827 operates from 115 VAC 50/60 Hz.		\$85.00
Radio Shack	22-510	25 Amp Switching Power Supply. I have used it for running a Yaesu FT8900 dual band transceiver (FM) on the base.		\$50
Radio Shack	22-305	RadioShack LCD RF Frequency Counter. Comes with box, antenna and manual		\$50.00
Ailunce	HD-1	DMR Ailunce HD1 Dual Band Walkie Talkie DMR Digital Ham Radio 10W. Does both Analog and Digital in the VHF and UHF bands. Comes with radio, battery, drop in charger, 1`2VDCa battery adapter for running radio in car, TWOI programing cables, and speaker mic. — already prograded for the NWI DMR repeater as well as the club's analog machines.		\$150.00
